Spain

History, Culture, Passion

The lure of this land remains undeniable. A crossroads of people and customs, mores and religions, Spain's siren song is the result of an incredible alchemy. Our diversity is legend, our hospitality even more so. We have traversed millennia with our arms open to the world, and the results - in art, in food, in music, in joie de vivre - are like nowhere else on Earth.

Tenerife

The island of eternal spring

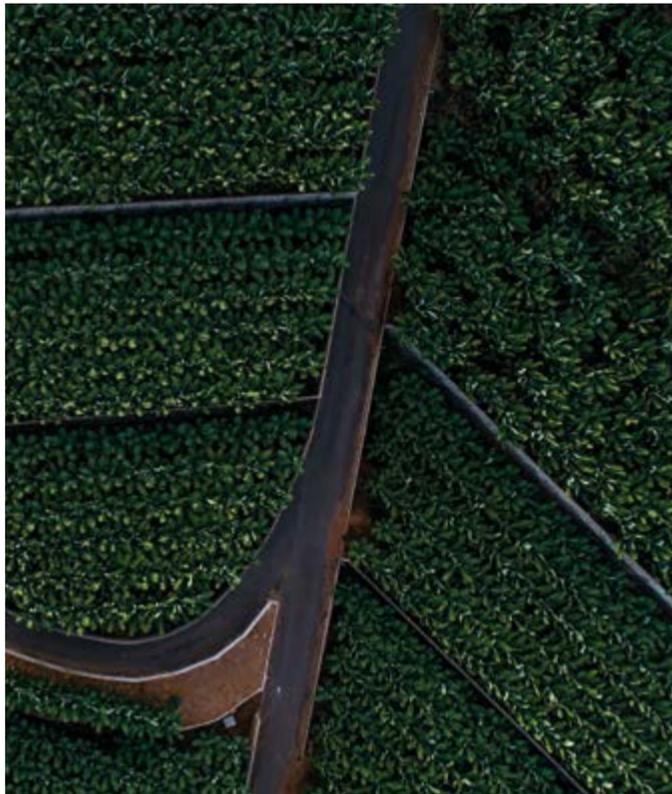

Indubitably, ours is one of Europe's true paradises, with the best weather on the continent, azure waters, and astounding natural reserves. But our island also simmers with a cultural passion that expresses itself everywhere: in local festivals, food, customs, and in the warmth of a people with a storied history.

THE CANARY ISLANDS

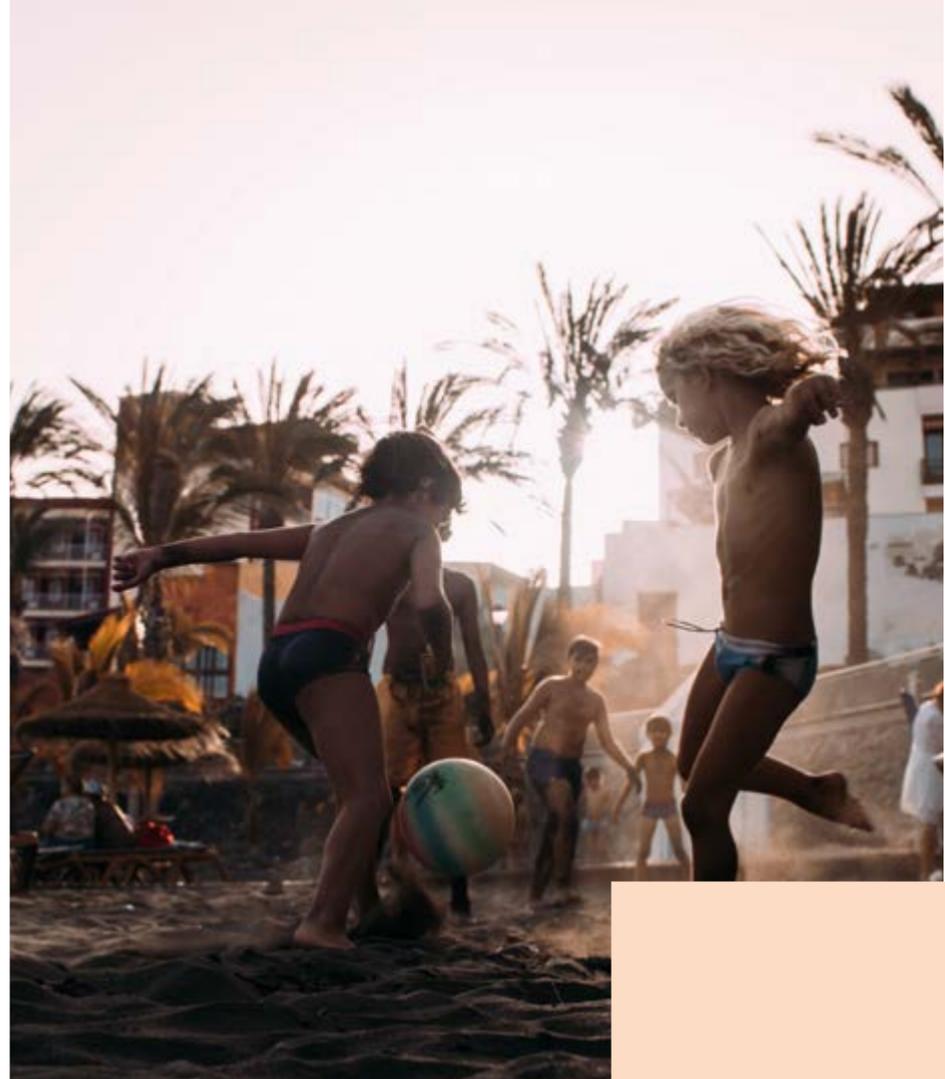

The islands, which comprise Spain's southernmost autonomous region, are a wonder of natural, geographic and demographic diversity, with 250km of beaches and four protected national parks. Volcanic in origin, the islands support a rich variety of endemic flora and fauna.

Michelin-star restaurants

Three of Tenerife's six Michelin stars have been awarded to restaurants at Abama, and our resort has become a true gastronomic destination for fans of famed Basque chef Martín Berasategui. Whether it's fine or casual dining you crave, from near or from far, our 12 restaurants will delight and inspire.

M.B

Abama's signature restaurant has long held two Michelin stars for its inspired and inventive Basque cuisine. It is the only restaurant on the island with this double designation. Martín Berasategui's longtime collaborator and protégée, Erlantz Gorostiza, has helmed the kitchen for seven years, applying expert technique to fresh local ingredients.

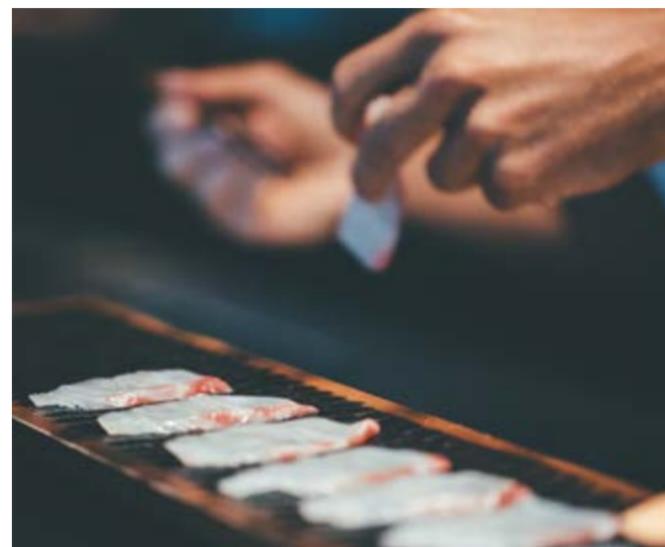

MELVIN

This latest addition from the Martín Berasategui-Erlantz Gorostiza team has made its home in The Club at Las Terrazas, in a beautiful light-filled space with a broad terrace that looks out to the Atlantic and the island of La Gomera. Here, light and inventive Mediterranean fare has come home to roost in a casually elegant environment.

KABUKI

Ricardo Sanz's Kabuki first earned its Michelin star in 2012, and since then Chef Daniel Franco has continued to deliver distinctive Japanese flavours fused with traditional Western culinary techniques. The result is always visually stunning and impeccably delectable, with a view to the ocean to match.

Dave Thomas Golf Course

Meet one of the most beautiful and challenging golf courses in Spain. With panoramic views over the ocean from almost every hole, and surrounded by lush groves of palm trees, Abama golf, designed by former pro Dave Thomas, is like nothing you've ever experienced.

THE ABAMA GOLF ACADEMY

Professional training for beginners and experts alike. Our 5-hectare practice area comprises three par-3 holes, a driving range, and chipping and putting greens.

THE CLUBHOUSE

Strategically located at the centre of the course and ensconced in a beautifully landscaped area, Casa Club is replete with corners in which to unwind and unobstructed views of the Atlantic from its wide terraces. Do double duty as a gourmand and visit Kabuki, Daniel Franco's Japanese fusion restaurant, holder of one Michelin star.

Tennis & paddle

Quality is the name of the game at the Abama Tennis Centre. Our complex features 7 professional-grade tennis courts with Flexi@-Pave surfaces and 4 AstroTurf paddle courts. The centre court can accommodate up to 600 spectators. Players will also enjoy the covered rest areas, changing rooms, and dedicated parking facilities.

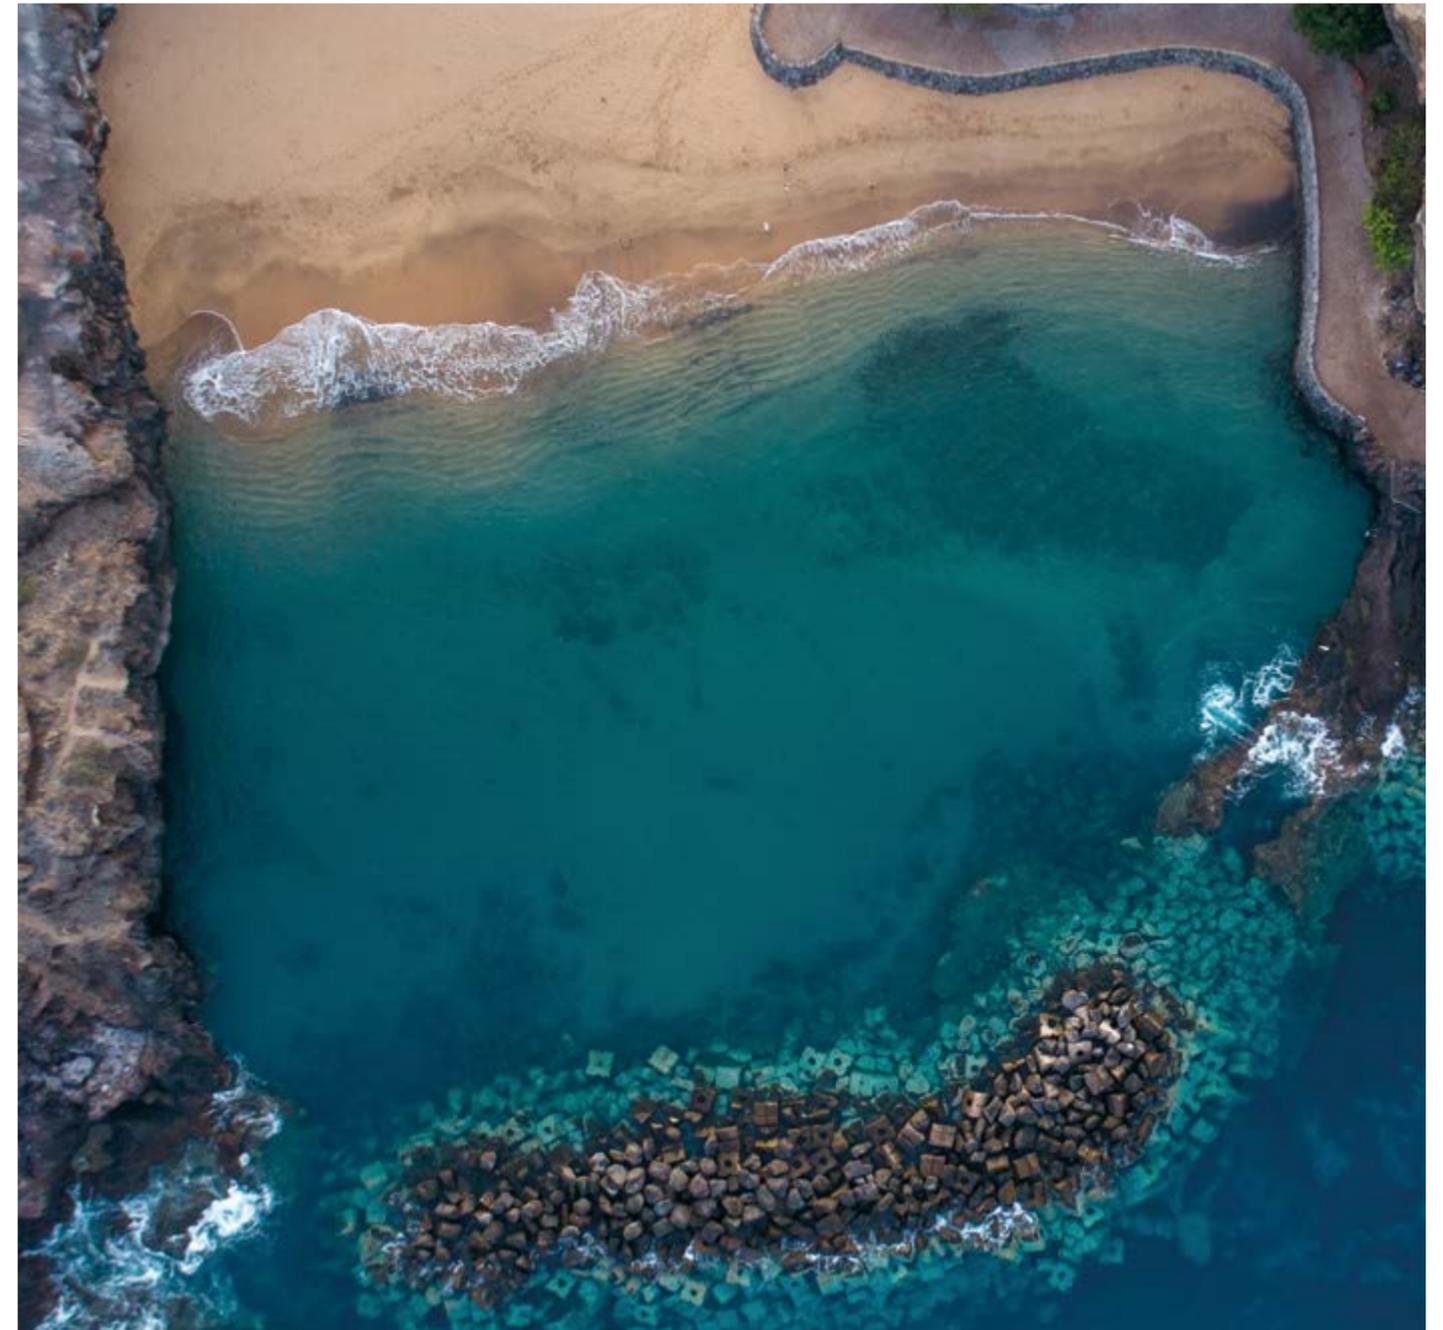

THE ANNABEL CROFT TENNIS ACADEMY

Since 2017, one of England's most highly regarded training professionals has a foreign base for her academy right here at Abama. Offering classes for players of all levels, the Annabel Croft Tennis Academy is expert in designing personalised lessons, intensive courses, and specialised tennis programmes.

The Abama Beach & Beach Club

On an island famed for its beaches, Abama's is a standout. Walk out your door and you can be oceanside in 10 minutes, enjoying a near-private cove with crystalline turquoise waters. The full-service beach restaurant is perfect for a cocktail, a light lunch, or a moment in the cooling shade.

Bellevue

TURN-KEY DESIGNER HOMES, IMPECCABLE DETAIL

With a nod to California Mid-century Modern, the style of our Bellevue homes is both retro and very of the moment. They are designed for the buyer with exquisite but subtle taste, looking for a home whose aesthetic speaks for itself.

Private outdoor infinity pool with views to the Atlantic, outdoor landscaping, private parking, mini-pool on first floor. 2-, 3-, and 4-bedroom models.

Las Terrazas

FURNISHED LUXURY VACATION APARTMENTS, STUNNING VIEWS

Though crafted with exacting interior detail, Las Terrazas were especially designed for those who love to live outdoors. Ample terraces, beautiful gardens, and a short walk to the golf clubhouse make this the perfect island escape. Look out over the Atlantic from dawn to dusk.

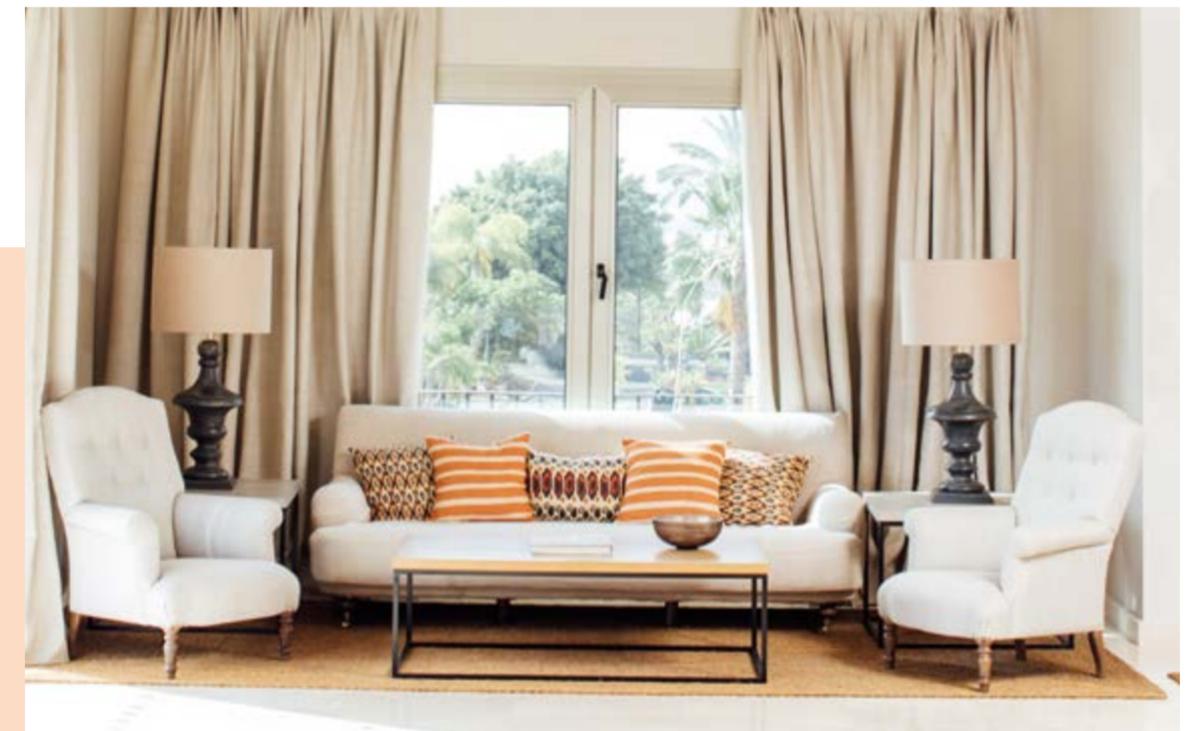

Hotel service, rental management by Abama, private social club for owners with gym, swimming pools, and a restaurant by Martín Berasategui.

EL CLUB AT LAS TERRAZAS

2016 saw the inauguration of our Las Terrazas social club, now a central feature of this beautiful community. With two swimming pools, a gymnasium, a bar and lounge area, and our boutique deli, a stop at El Club is part of the daily routine. And with the opening of the brand-new Melvin, Michelin-starred Martín Berasategui's riff on Mediterranean cuisine, now it's also a destination for dining. Whether indoors or al fresco, the food and the views will inspire.

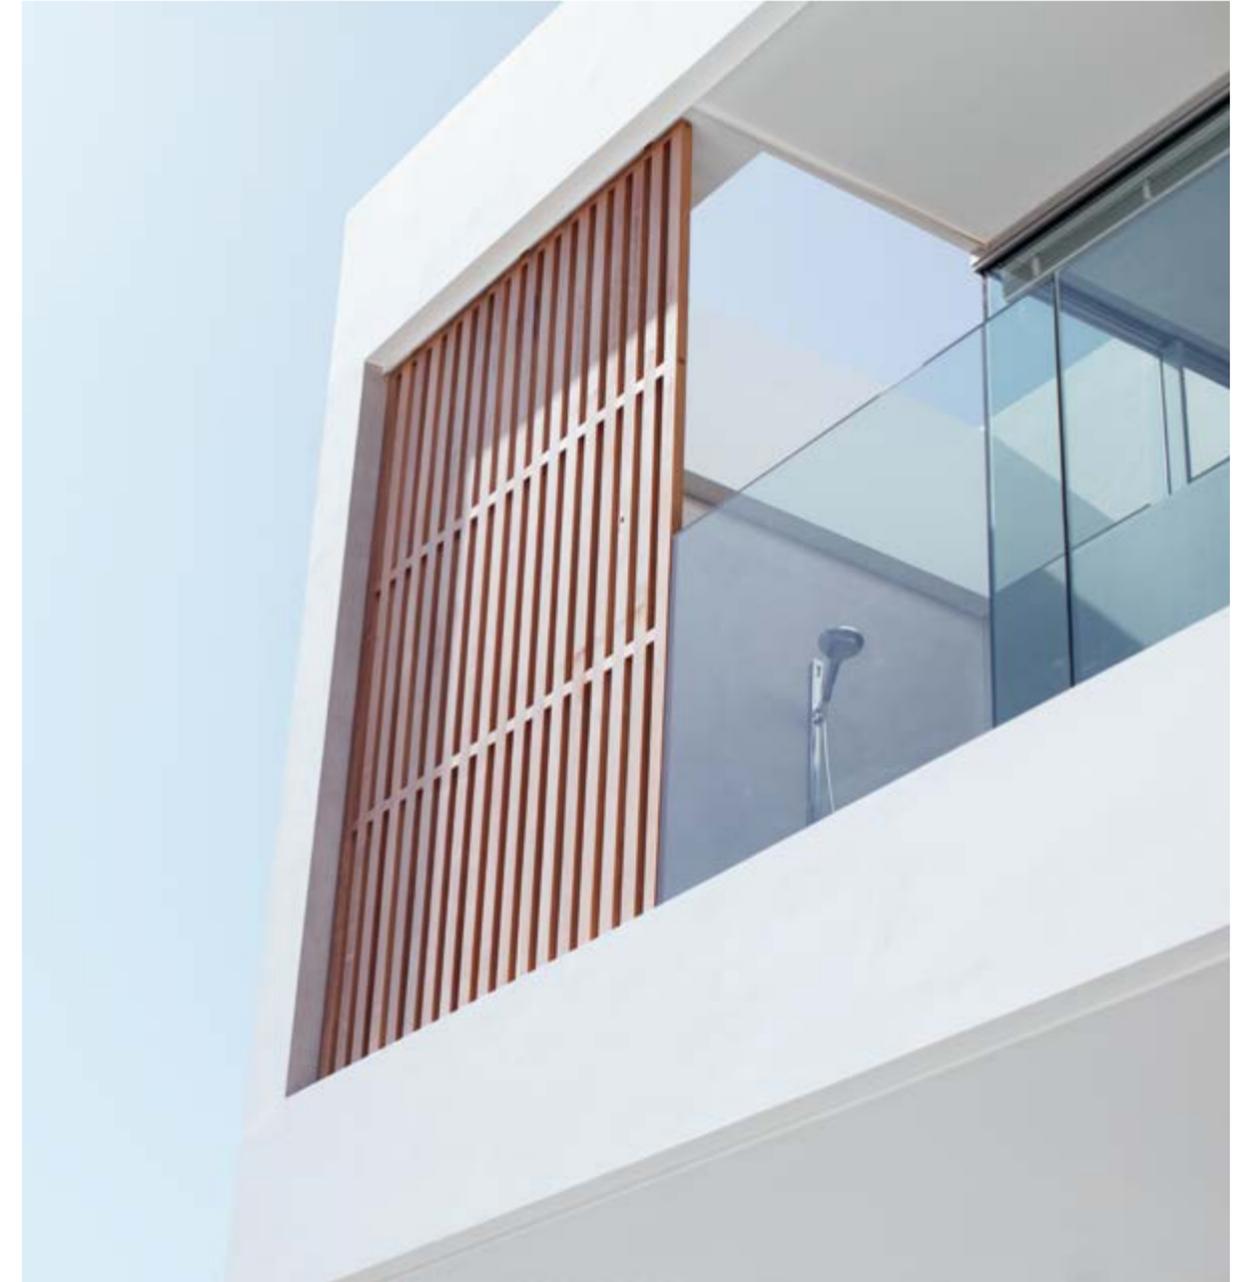

Custom Villas

A SHOWPIECE MADE TO ORDER, BEAUTY EMBODIED

Each of our custom villas is a unique work of art, a collaboration between our expert architects and our owners' imaginations. Walls of glass, spectacular views, and unlimited buildable areas make these residences simply extraordinary.

Golf course adjacent, project management and design services available, spacious plots, private parking and pools.

Casas del Lago

ARRESTING MODERN ARCHITECTURE, UNIQUE LAYOUTS

Contemporary luxury villas with unobstructed views of the ocean and La Gomera. These stunning homes designed by Leonardo Omar sit on a terraced landscape ingeniously designed to offer both privacy and ease of access to owners.

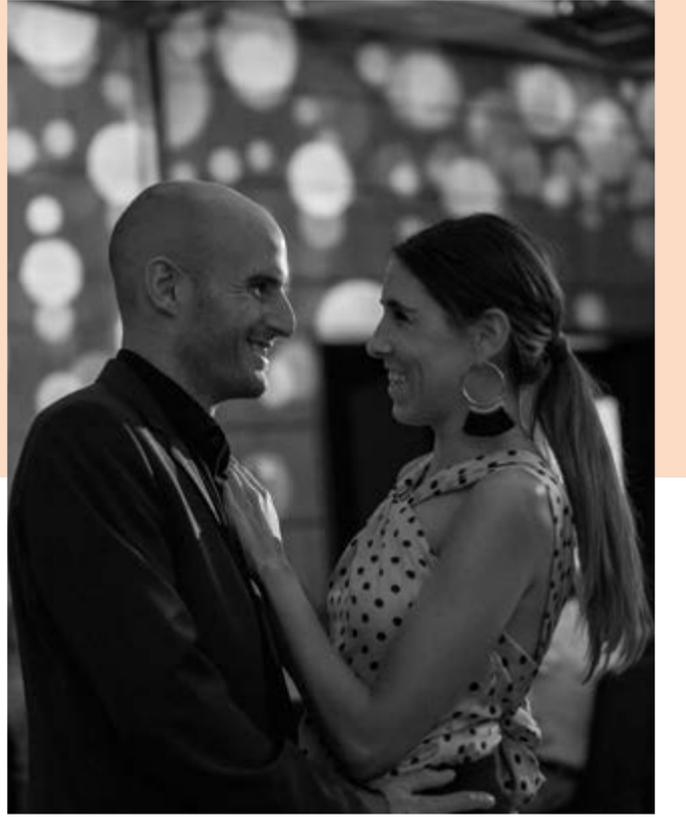

2, 3 or 4 bedrooms, private pool and parking, open-plan living spaces, clean lines and light-filled interiors.

Abama life

Awake to a sunrise over the Teide volcano. Wind down to a sunset behind La Gomera. And in the hours in between, choose to do anything you like...or nothing at all. When you dispense with the noise, the essential comes into sharp focus. We attend to the details. You experience the extraordinary. Abama is the promise of a life well lived.
